

Credit card processing for **your** business

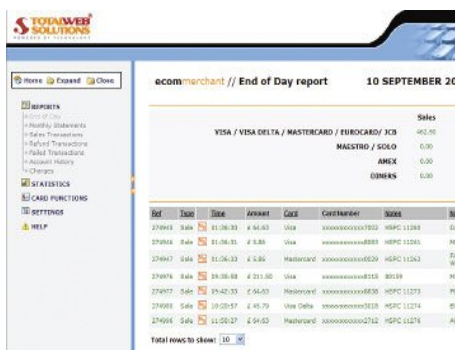

Over the internet... or over the phone...

**We have the solution** for your business

Who Is **EcomMerchant** For?

Businesses wishing to sell products online or over the phone will stand to benefit from Total Web Solutions EcomMerchant service. The service is geared to providing a mechanism for your business to accept credit cards and provides a friendly web interface to manage and report on transactions that pass through your account. Your business needs to accept a convenient payment method for your customers and EcomMerchant provides this.

## What Does EcomMerchant Do?

- Provides credit card clearing over the Internet or via a virtual terminal for telephone orders.
- Provides a web interface to enable you to take payments or to configure your service over the Internet.
- Provides a number of detailed reports of transactions taken through your EcomMerchant account.
- Provides integration to many popular shopping baskets that your web site may use for order processing.
- Provides Verified By Visa and MasterCard SecureCode authentication to your customers for greater security.
- Provides a built-in anti-fraud service to protect your business.
- Provides Refund and Repeat transaction capability.
- Many more features are available with of course telephone support as standard and at no extra cost.

## So What Are the Costs?

In essence our service is one of the cheapest around but with no compromise on service. Monthly charges from as little as £10+VAT per month for accounts undertaking less than 300 transactions. If you exceed 300 transactions you will only pay £0.10 per transaction.

## How we compare to other Payment Service Providers (PSPs)?

Gateway	Cost/month	Trans/month	Over min charge
EcomMerchant	£10.00	300	10p/trans
Sagepay	£20.00	333	10p/trans
Worldpay	£19.95	350	28p/trans
Paypoint	£20.00	350	15p/trans

## So Why Should You Use Our Service?

Total Web Solutions has been trading since 1995 when the Internet was in its infancy. Since then we have grown to become a leading Business Internet Service Provider offering many services. Our EcomMerchant service offers card processing in under a second and provides a secure platform to take card payments through. We are "Payment Card Industry" Accredited, which means we provide our service to the highest security standards. Our service is very cost effective and we are still able to provide a supreme service.

## So How Do I Sign-Up?
